

María G. Spinelli

UX/UI DESIGNER

ABOUT ME

Enthusiastic and goal-focused UX/UI Designer, who loves being challenged to develop human-centered and memorable experiences in a collaborative and research driven environment.

EXPERIENCE

UX/UI Designer | Emjoy

2020 - Present

Working as a UX/UI designer at Emjoy. My main tasks span from Research, IA, flowcharts to sketching and prototyping, as well as the development of the Design System. I work closely with the product manager, stakeholders, and developers to define and execute all UX deliverables for Emjoy. I also provide support to the marketing area doing animations and creatives.

UX/UI Designer | www.gabispinelli.com

2020

Production of several individual and team projects, applying different UX methodologies: **Design Thinking, Design Sprint, Lean UX and Scrum.**

- **Designed** (UX Research and UI development) Serene, a mobile app for stress management.
- **Collaborated as a UX/UI designer** for Fanspace, a mobile app for introverted teens who need professional help, using Design Sprint.
- **Improved UX** (heuristics and usability testing, as well as UI development) for a plant-care mobile app.

UI Designer | Sevenspots

2019 - 2020

I collaborated with developer and designer teams working on a wide variety of projects involving **UI Design and branding** for the language platform sevenspots.com. I helped in the visual design, as well as illustrating ideas using storyboards, user flows, wireframes and sitemaps.

Graphic Designer | www.gabispinelli.com

2016 - 2019

I create branding, editorial design, banners & landing pages and various social media content for multiple clients such as Deli&Go, Reklamalok, Boho Girl, and others. Use of tools such as Adobe Photoshop, Illustrator and InDesign. Realization of Moodboards and Benchmark.
